Inspired by the popular TV show where teams send one member in to complete a challenge to win a crystal, our version is packed with fun, excitement, and hilarity as whole teams compete against each other to see who will come out victorious! The games will test your team's mental agility and physical skills, working together to beat the opposition before the time runs out.

Working through our four themed zones that equate to seconds. Beat your opponents within the time and you'll win a large crystal (worth five seconds). Fail to complete the task and you'll walk away with nothing.... unless your instructor thinks your efforts deserve a small crystal, or even two (worth one second each).

Finally, it's time to count your crystals and enter The Crystal Dome for the grand finale! Your team must grab as many gold tickets as possible within your achieved time – the team with the most gold tickets wins!

If you've seen the hilarious race hosted by Redbull on TV, then you'll know how much fun it is watching daredevil racers weave their crazy contraptions around winding courses of obstacles in the quickest possible time!

This is our very own, slightly tamed-down version, seeing teams plan, design, and build the ultimate wacky racer. It's not all about speed (but it helps). There are several heats all based on team creativity and innovation. The design will earn you as many points as taking the chequered flag!

After qualifiers, teams hit the design workshops where they can buy all manner of parts and materials to build and dress their racers. Everyone must compete in heats, and even pass an MOT before they take part in the final race.

Soap Box Derby is a hilarious activity that brings out the best in people. The designs never cease to amaze us, neither does the desire to dress up as Dick Dastardly or Penelope Pitstop...
