One of our most fascinating team building events, designed to confuse, intrigue, and challenge you until you finally piece together all the clues and find your way out! In teams, you will enter several themed rooms, each decorated to represent a location: World War II Bunker; Prison Cell; Science Lab; and Pirate Island!

All around you are items you might expect to find in such a place. Your task is to look closely at these items, who knows where a number may appear? What does it represent? Where is that key hidden? Nothing makes sense... until it does! We give you no clues and very little information. As a team, you will need to work together, but separately (if that makes sense!) to make the most of the limited time you have. Coordinate your findings, think logically (or sometimes illogically) and you stand a chance of escaping the room!

All of our escape rooms are fully mobile. We can set up in most venues around the UK to complement a conference or meeting, or...set up in your offices.

Using 'fun money' and our themed race programme you will be guided through the racing action. The event can be run as a team competition or on individual merit. All the action takes place in our themed paddock race area that includes either one giant or two medium sizes screens that are suitable in size for most venues.

We also bring our themed betting area with our staff trained to take your tokens. This race night does not involve charity fund-raising, fun tokens are used as betting currency in this fun event. We also have some surprise fun races to offer as well as the classics.

The event is ideal to host before, during or after a meal. We can run races between courses or kick straight in with the action after dessert.
